## SUMMARY

I am a detail-oriented technical professional with hands-on experience in web development and troubleshooting. I can work confidently with HTML, CSS, and Bootstrap to build clean and responsive web pages. I also have good knowledge of PHP and MySQL, which helps me create functional backend systems and manage databases. I learn quickly, solve problems effectively, and provide clear technical support when needed.

---

## WORK EXPERIENCE

### Web Developer Intern - ALFIDO TECH

June 2025 – Jul 2025

- Used Git and GitHub for team collaboration, version control, and code sharing.
- Gained confidence in presenting work during team meetings and explaining technical points.
- Adapted to different roles—front-end, back-end, or testing—depending on project needs.

### Web Developer Intern - AD INFOWORLD

Jul 2024 – Aug 2024

- Designed complete web pages using HTML, CSS, and JavaScript for a clean and responsive UI.
- Developed the back-end using PHP, handling form submissions, sessions, and business logic.
- Implemented user login, registration, and authentication systems using PHP and MySQL.

### SEO, Web Developer Trainee - SingleTap

Feb 2024 – May 2024

- Gained hands-on experience with front-end technologies like HTML, CSS, and Bootstrap.
- Learned how to create responsive pages, add interactivity, and improve user experience.
- Worked on creating forms, login systems, and small web applications from scratch.

### Web Developer Trainee - Amigos IT Solutions

Aug 2023 – Sep 2023

- Learned how to make basic and responsive web pages using HTML, CSS, and Bootstrap.
  - Practiced creating clean designs and user-friendly layouts for websites.
  - Learned how to use APIs and do basic form validation.
  - Improved problem-solving and debugging skills while building projects.
-
